PREMIUM

180L HAZCHEM

Premium Prenco Spill Response Kit

This kit features a large level of industrial grade absorbents for "Hazardous Chemical Spills" in the workplace.

Hazchem absorbents are made from polypropylene microfibers, have excellent chemical resistance and outstanding absorbent capabilities.

Suitable for absorbing approximately 180L of oils, fuels, solvents, *acids, *caustics, pesticides & herbicides, sullage and other non-hazardous general liquids.
*Chemicals subject to absorbent MSDS requirements.

These spill kits are a must have if you are storing chemicals of any size or nature. Locate in loading and refueling bays, at storage tanks, near storm-water drains and around the factory adjacent to process machinery.

Contents:

P/N	QTY	ITEM DESCRIPTION

259150PH	1	Content List & Hazchem Spill Instruction Guide

Features:

- Wheelie bin storage allows rapid deployment to any part of your site.
- The kit is supplied with a premium PPE kit with high quality personal protection equipment for your own personal safety.
- For indoor or outdoor use.
- Spill Stop Mineral Absorbent is highly absorbent and because of its even grain size is relatively wind resistant. The product is PH neutral and is efficient in encapsulating oil and fuels as well as hazardous chemicals (excluding hydrofluoric acid). It is also non-flammable so does not burn like cellulose type absorbents.
- Prenco Spill Kits adhere to all Australian safety standards. Helping you to comply with all applicable environmental and health and safety laws.
- The kit is fitted with a metal broom holder connected to the back of the spill bin.
- Service record tag is attached with a metal strip ring seal which has a unique serial number for identification.
- The kit is supplied with a locking wire hasp and staple that is fitted with a Quick Snap Security Seal to indicate if the kit has been opened.
- Content list, SDS documents and instructions with clear and safe steps, to efficiently and effectively clean up the spill. All contained in a clear document holder fixed to the underside of the bin lid.

Packaging:

Size: 240L Mobile Bin - 700mm x 600mm x 1050mm.

Weight: 44kg
