Custom Branding for Your Business

Pallet Angles: Heavy duty plastic angles distribute the restraining pressure of the tie-down devices, protecting goods and packaging.

Ratchet Tie-downs: Our strap loops are reinforced to reduce wear from hardware contact points. Designed, manufactured and tested to comply with AS/NZ 4380:2001. Compliance tags are securely attached to the webbing.

Custom colours available with your logo in either black or white. (Logo may need to be simplified for printing) We provide the artwork and a product mock-up, to give you an idea of what your final product will look like.
