Order in bulk and receive exclusive discounts plus expedited shipping.

The Maxibinder is a unique unit within the truck equipment industry. It combines the actions of a ratchet tie down, ratchet or lever dog all in one complete package.

Safe and easy to use with an ergonomic design, it's made from heat treated alloy steel for durability and high pre-tensioning force. It also has a 1/8 chain link length adjustment. It is easy and efficient to tighten the G70 lashing chain and is used for heavy duty load restraint purposes.

The Maxibinder is also known as the Ausbinder is designed in Australia.

**Maxibinders for 6mm and 10mm Lashing Chain are also available.**
