Ratchet Tie Down Kit Hook & Keeper

9m x 50mm, LC 2500kg, Hi-Visibility PINK

FUNCTIONAL SPECIFICATION:

- When a force of 500N is applied to the ratchet handle after 2.5 turns of webbing on the barrel of the buckle, the system shall generate a tension force of 3000N in the strap.
- The system shall not elongate by more than 12% when a tensile force of 2.5 kN is applied.
- All components other than the webbing shall be able to withstand a tensile force of 3.125kN without deformation.
- The system shall be able to withstand a tensile force of 5.0 kN without failure.

Silverback's highest quality Ratchet Tie-Down Kits with Hook & Keeper are the most popular for restraining general freight and cargo of all types. Each kit comprises the main strap with 2 x wear sleeves, plus the buckle & tail strap assembly. Our strap loops are reinforced to reduce wear from hardware contact points. A plastic moulded handle improves user comfort and grip. The buckles on the 25mm and 75mm Ratchet Tie-Downs are all-metal construction.

All our straps are designed, manufactured and tested for compliance with AS/NZS 4380:2001 and are backed by the Silverback assurance of quality.

The Ratchet Tie-Down System works on semi-trailers, body truck, utes, containers or anywhere you need to lash some equipment down. Silverback can offer you a custom ratchet tiedown with your logo and various colours if required.

50mm RATCHET TIE DOWN SUPPLIED AS A SET, INCLUDING:

- 50mm ratchet buckle with plastic moulded handle.
- 50mm tail strap 400mm long with hook and keeper.
- 50mm main strap 9m long with hook and keeper.
- Tail strap and main strap have Silverback compliance label sewn in.
- Loops for hook and keeper include blue wear strip sewn on the inside of the loop.
- Main strap includes 2 yellow wear sleeves, printed "SILVERBACK".
