# Galas Corner®

Steel Coil Restraint

Non-Magnetised BLUE

**SILVERBACK**  
SUPERIOR PROTECTION & SAFETY

## Unlocking the Future of Coil Load Restraint

We are proud to offer the new Galas Corner®, an innovative leap forward in load restraint technology. Re-designed and engineered with precision and manufactured with durability in mind, the Galas Corner® is the ultimate solution for securing steel coils safely and effectively.

### FEATURES:

- **Patented Design:** Galas Corner® boasts a unique rigorously tested and patented design that ensures unparalleled strength and reliability with Lashing Capacity of 3,800 kg
- **Tensile Material:** Manufactured from high-strength, industrial-grade steel to withstand the toughest conditions
- **Visibility:** High gloss bright colours to easily identify your compliance with BlueScope's load and transport guidelines
- **Rubber Coating:** 5mm thick vulcanised rubber coating for improved product protection and friction control
- **Reinforced Brackets:** Additional support brackets enhance performance with better structural integrity and overall durability
- **Top Plate Cavity:** Cutaway provision that allows for safe and effective positioning on coil's steel strapping band and buckle
- **Higher Grade 80 Grab Hook:** Designed for 8mm transport chain and secured with a recessed roll pin to minimise risk of breakage. This hook offers a higher working load limit and better resistance to wear and fatigue over time compared to Grade 70 hooks
- **Plastic Bollard Caps:** Provides protection from any tearing of your tarpaulins

**Order Now Exclusively from Silverback and Experience the new Galas Corner® Difference!**

Don't compromise on safety and quality on the road. Invest in the future of load restraint technology with Galas Corner®. Contact us today.
