Slip Sheets

SILVERBACK
SUPERIOR PROTECTION & SAFETY

QUIET AND STRONG

Order in bulk and receive exclusive discounts plus expedited shipping.

Silverback's range of cargo protection products are designed to meet the ruggedness of the warehousing, transport and other general industries.

Our Silverback Slip Sheets are designed for both pallet and pallet-less handling of materials. They simplify the storage, transporting and de-palletising of a wide range of finished products.

They are manufactured from 100% recycled plastic and have a non-slip surface through embossing and material modification

FEATURES:

- Significantly reduce material handling costs and are cost effective
- Specially designed sheets to suit the slip sheet process
- Optimises valuable container and warehouse space
- Using slip sheets instead of wooden pallets allows for 12 - 15% worth of extra product to be loaded into containers
- Reduces loading and unloading time by up to 60%
- Reduces product damage
- Provides a hygienic barrier between wooden pallets and your product
- Impervious to moisture, making it ideal for cold stores
- Strong and durable quality
- Manufactured to ISO Standards
- Size 1250 mm x 1100 mm
- 500 per pallet
