SUPERIOR PROTECTION & SAFETY

## Protect your cargo and streamline steel transport with LVL dunnage

### Structural LVL Timber Dunnage

An ideal solution for steel transport applications, this durable and cost-effective dunnage is a superior alternative to hardwood. Constructed from high-quality LVL timber, it offers enhanced load stability and surface protection during transit.

#### Key Features:

- Made from Larch Structural Laminated Veneer Lumber.
- Minimises damage to cargo and transport equipment
- Lightweight and consistent dimensions for easy handling and stacking
- Long-lasting and reusable, offering excellent value over time
- Suitable for indoor and outdoor use in transport, warehousing, and logistics
