Danger Safety Tag

75mm x 125mm Pack 100

SILVERBACK
SUPERIOR PROTECTION & SAFETY

Hazards Marked. Risks Avoided.

The Silverback range of site safety is ideal for awareness and protection against risks associated with a wide range of applications in both workplace and recreational environments. Typical applications include but are not limited to: Agriculture, aviation, automotive, chemical manufacturing, construction, forestry, heavy engineering, manufacturing, metal processing, mining and quarrying, and transportation.

Use these Danger Safety Tags to identify if a particular machine should not be used in operation.

Danger Signs should be used to warn of potentially hazardous conditions that are likely to be life-threatening.

SAA Industrial Safety Colour Code as outlined in the Australian Standard AS1318: RED/ RED & WHITE: Indicates the location of danger, fire protection equipment & apparatus, stop buttons & emergency stop controls.
