Cargo Safety Net

2.2m x 2.2m, Black

SILVERBACK
SUPERIOR PROTECTION & SAFETY

Secure your cargo with ease – quick to fit, durable, and perfect for safe containment.

Silverback cargo nets are great for vertical and horizontal cargo containment applications. Each net has 4 corner straps and Cam Buckle ties, for quick and easy fitting and tensioning. A close weave design helps contain a wide variety of cargo.

Cargo nets are commonly used in the transport and shipping industry as a safety barrier between loose loaded cargo and shipping container doors. Installed nets can prevent loose cartons and bales from falling on workers.

Our Cargo Net is not load rated or designed to be used as primary load restraint.

SPECIFICATIONS:

- Net is 2.2m square
- 1.5m Cam Buckle Ties
- Made from strong and durable polyethylene.
- Packaged size: 350mm x 120mm x 170mm
