Bund Plug Parts

Simple Fix for Bund Drainage

Bund Plug Kit is a practical D.I.Y. solution for simply draining unwanted liquid from your PVC Bund and resealing it tight again. It's simple to install with clear step by step instructions and includes everything you require for a successful installation. It's great for removing liquid where the Bund is utilised in a wash bay or even to remove rain water in an outdoor storage scenario. Additionally, a filter bag may be attached to the Bund Plug, to capture Hydrocarbons, grease, oil and solids as liquid drains from the Bund.
