General Purpose Absorbent Roll Needle Punched

960mm x 43m

SILVERBACK
SUPERIOR PROTECTION & SAFETY

Continuous Absorption, Less Waste.

General Purpose Rolls have been designed to rapidly absorb hydrocarbon and water based spills including Oil, Fuel, Coolant, Degreasers, Brake Fluid and Paints.

They are effective for the cleaning up of body fluids, sewerage, milk and all non-aggressive liquids. Rolls are a convenient alternative to pads, especially where greater coverage is required.

Silverback stocks an extensive range of medical, spill response and environmental protection solutions, reinforcing its position as a recognised industry leader.
