100L OIL & FUEL Preco Spill Response Kit

This kit features a medium level of basic absorbents for "Oil & Fuel" fluids.

Suitable for absorbing 100L of oils, fuels and other hydrocarbons. These products are designed to repel water.

Locate in loading and refueling bays, at storage tanks, near storm-water drains, truck yards and around a factory adjacent to process machinery.

The hydrophobic absorbent present exclusively absorbs oil and fuel while repelling water, making it ideal for marine applications. These absorbents are far more effective at oil and fuel absorption than our general purpose and chemical variants.

Contents:

| P/N | QTY | ITEM DESCRIPTION |
|--------------------------------------|-----|--|
| FULL REPLENISHMENT | | |
| 258110OF-R | - | Use this code for a full replenishment of absorbents, clean up and personal protection equipment |
