20L MARINE Prencu Compact Spill Response Kit

The Marine Spill Kit Features two high performance oil absorbents:

Oil Absorbent Poly Pads

Oil Select Absorbents Pads absorb, petroleum-based liquids on both land and water. Oil only absorbents pads will float on water even when they are fully saturated, thus making them highly effective for any oil removable application. Absorbs petroleum-derived fluids only. Ideal for situations where you need to absorb oils but not water. Will not deteriorate or sink when fully saturated. Chemical-resistant - absorbs a wide variety of petrochemicals and petroleum-based solvents without degrading or reacting. Absorbs up to 1 litre per pad. High efficiency means less absorbent to dispose of, reducing disposal costs. Economical - don't pay for universal absorbing when you don't need it. Large surface area/Covers surface spills and catches drips on land or factory floors

Floating Loose Biodegradable "K-Sorb" Absorbent

"K-Sorb" is our best performing floating biodegradable Oil Only Absorbent. K-Sorb absorbs up to 13 times its own weight of hydrocarbon – approx 200 litres (subject to viscosity) Useful in deploying in difficult to reach areas around reed-beds etc and if K-Sorb is not able to be recovered, presents no problem to leave in the environment. K-Sorb also passes the EPA landfill test which means no cost disposal.

Suitable for absorbing 20L of oils, fuels and other hydrocarbons on water. These products are designed to repel water.

Contents:

P/N	QTY	ITEM DESCRIPTION
ABSORBENTS		
25655KS	1	K-Sorb Floating Absorbent Fibre - 5L Bag
2571276OF	2	Oil & Fuel Poly Mini Booms - 1.2m x 76mm
2575040OF-2	10	Oil & Fuel Absorbent Poly Pads, 200gsm - 500 x 400mm
PERSONAL PROTECTION EQUIPMENT		
30015	1	Protective Gloves - PVC 27cm, Single Dipped, Red
CLEAN UP		
25483-2	1	Pack of 2 Contaminated Waste Disposal Bags & Cable Ties
SECURITY SEALS		
25950	1	Spill Response Kit Service Record Tag
13045	1	Metal Strip Ring Seal with Serial Number WHITE
13003	2	'Quick Snap' Security Seal with Serial Number YELLOW
DOCUMENTS		
25920M	1	Content List and Marine Spill Instruction Guide

Features:

- 20L (approx) absorption capacity.
- Our pads are made from **Sonic Bonded Polypropylene** and absorb, petroleum-based liquids on both land and water. Place under leaks and drips – wipe down hands and equipment.
- K-Sorb floating loose biodegradable absorbent.
- Contents contained in a zipped weatherproof carry bag keeps dust and debris out, easy to open, giving access to all contents.
- Fits neatly into most spaces behind the driver's seat in a truck or Ute.
- Content list, SDS documents and instructions with clear and safe steps, to efficiently and effectively clean up any spill.
- Service record tag is attached with a metal strip ring seal which has a unique serial number for identification.
- Quick Snap Security Seal fitted to indicate if the kit has been opened.

Packaging:

Size: Small Bag 650mm x 560mm x 200mm

Weight: 5kg
