240L ACID Preco Spill Kit

The Acid Spill kits feature a neutralising absorbent powder which adds to the safety in the clean-up process. The advantages in using this special purpose absorbent is to help to stabilise the fluid, suppress vapours and rapidly encapsulate and “wick up” the fluid. The neutralising agent in the powder will then assist with partial pH adjustment of the acid to make handling and disposal much safer and easier in the one application. Clean up is done much safer at brooms length and away from vapours, rather than trying to place absorbent pads over the fluid. This process also eliminates the “dripping” of the acid when using a pad.

The EPA will allow disposal of the acid absorbent mixture into general landfill (at no-cost) if through the recommended manufacturers process, neutral pH has been achieved.

This also offers cost savings when compared to the high cost of disposing of contaminated absorbent pads, booms and general loose absorbent's.

Suitable for absorbing 240L of acids.

Contents:

| P/N | QTY | ITEM DESCRIPTION |
|--------------------------------------|-----|--|
| FULL REPLENISHMENT | | |
| 258220HA-R | - | Use this code for a full replenishment of absorbents, clean up, personal protection equipment and security seals |
| ABSORBENTS | | |
| 256530A | 7 | Acidsorb Neutralising Absorbent - 30L Bag |
| CLEAN UP | | |
| 25421 | 1 | Dust Pan & Brush Set |
| 25423 | 1 | 300mm Soft Bristle Broom with Timber Handle |
| 25483-5 | 2 | Pack of 5 Contaminated Waste Disposal Bags & Cable Ties |
| PERSONAL PROTECTION EQUIPMENT | | |
| 30043 | 1 | Nitrile Chemical Gloves, 45cm - Green |
| 30122 | 1 | Clear Indirect Vented Goggles |
| 30286XXL | 2 | Provek Disposable Coveralls XXL - Chemical Resistant |
| SECURITY SEALS | | |
| 13003 | 2 | 'Quick Snap' Security Seal with Serial Number YELLOW |
| SERVICE TAG | | |
| 25950 | 1 | Spill Response Kit Service Record Tag |
| 13045 | 1 | Metal Strip Ring Seal with Serial Number WHITE |
| DOCUMENTS | | |
| 259220HA | 1 | Content List & Acid Instruction Guide |

Features:

- Wheelie bin storage allows rapid deployment to any part of your site.
- For indoor or outdoor use.
- **ACIDSORB** is a high quality mineral absorbent which has a greater capacity of performance on stronger acids (except Hydrofluoric Acid HF & strong oxidisers).
- Preco Spill Kits adhere to all Australian safety standards. Helping you to comply with all applicable environmental and health and safety laws.
- The kit is fitted with a metal broom holder connected to the back of the spill bin.
- Service record tag is attached with a metal strip ring seal which has a unique serial number for identification.
- The kit is supplied with a locking wire hasp and staple that is fitted with a Quick Snap Security Seal to indicate if the kit has been opened.
- Content list, SDS documents and instructions with clear and safe steps, to efficiently and effectively clean up the spill. All contained in a clear document holder fixed to the underside of the bin lid.

Packaging:

Size: 240L Mobile Bin - 700mm x 600mm x 1050mm.

Weight: 44kg
