240L General Purpose Spill Kit

SILVERBACK
SUPERIOR PROTECTION & SAFETY

Spill Response Kits are designed for first response to spills or to help contain larger spills from spreading into the environment until back-up absorbents and secondary spill containment equipment is available.

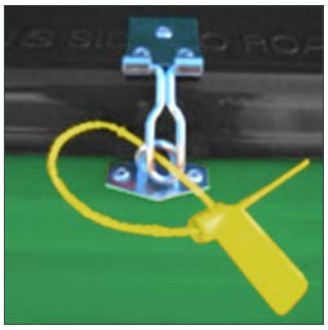
Our 240L General Purpose Spill Response Kit features a multi-purpose, industrial grade spill kit that offers a clean-up solution to "General Purpose" fluid spills in the workplace.

Suitable for absorbing approximately 240L of oils, fuels, solvents, agricultural chemicals, coolant and general workshop non-aggressive chemicals.

Locate these in loading and re-fueling bays, at storage tanks, near storm-water drains and around the factory adjacent to process machinery.

BE PREPARED FOR ANY SPILL

with our versatile 240L General Purpose Spill Response Kit.



Contents:

P/N	QTY	ITEM DESCRIPTION

259220GP	1	Content List & General Purpose Instruction Guide

Features:

- Wheelie bin storage allows rapid deployment to any part of your site.
- For indoor or outdoor use.
- Dry clean the spill quickly and reduce clean up time.
- Clean up is safer by absorbing the spill with "Spill-Sweep" at brooms length instead of using pads which requires standing over the spill.
- "Spill-Sweep" absorbent is tested to meet EPA standards for landfill disposal. Place with confidence in general waste bin at no cost (hydrocarbons, oils etc and non hazardous fluids only). Test certificate and EPA guideline info available upon request.
- Our Spill Kits adhere to all Australian safety standards. Helping you to comply with all applicable environmental and health and safety laws.
- Service record tag is attached with a metal strip ring seal which has a unique serial number for identification.
- The kit is supplied with a locking wire hasp and staple that is fitted with a Quick Snap Security Seal to indicate if the kit has been opened.
- Content list, SDS documents and instructions with clear and safe steps, to efficiently and effectively clean up the spill.
