Power Sweeper made from High-Quality Powder-Coated Steel for Heavy Industrial Applications

This heavy-duty ride-on power sweeper embodies strength and reliability, constructed from high-quality, powder-coated steel to withstand the rigours of heavy industrial use. Designed to tackle the toughest cleaning tasks, this machine is robust and ready for any challenge.

With a sweeping path of 1100mm, and the ability to add a second broom increases the width to 1350mm, this industrial floor sweeper streamlines your cleaning process through advanced engineering that enhances efficiency. It features a self-levelling spring-loaded brush and a direct throw system that maintains consistent pressure, ensuring a thorough clean on even the most rugged or uneven surfaces. Equipped with a high-capacity vacuum fan and a 205-litre waste hopper, this unit is among the most effective cleaning machines available today. Optimised to clean better, faster, and easier, the PB115 Industrial Sweeper is the ultimate solution for substantial industrial cleaning needs.

SPECIFICATIONS:

- Sweeping Width: Single broom 1100mm, up to 1300mm with additional side broom
- Waste Hopper Capacity: 205L
- The high-output power source allows for extensive and uninterrupted cleaning periods.
- Clever design and power steering maximise cleaning efficiencies.
- Floor spaces: up to 5000-10000sqm
- Application: Indoor Sweep, Outdoor or Street Sweep
- Floor Type: Bitumen, Painted floors, Pavers, Unfinished concrete
- Power Source: Battery, Electric, Gas
- Industries: Building service contractors, Carparks and Large areas, Food and beverage, Manufacturing, MHE, Mining, Warehouse and logistics
