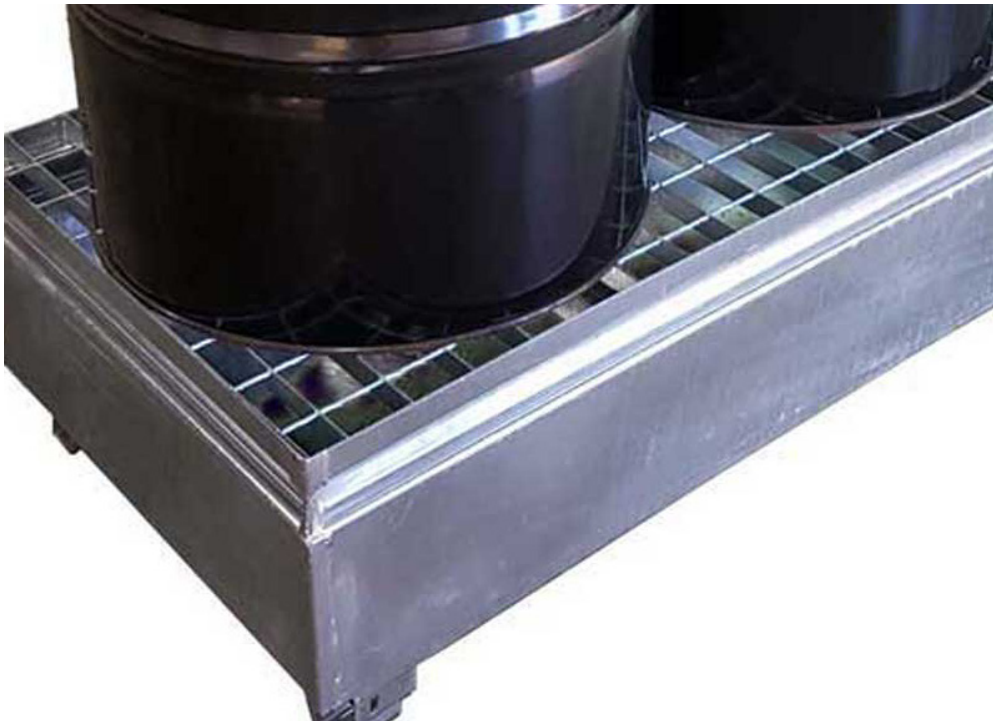
P/N: 25011-GAL / 25014-GAL

Drum Spill Pallets Galvanised Metal

SILVERBACK
SUPERIOR PROTECTION & SAFETY



Built Tough for Safety

These 2 and 4 Drum Bunded Spill Pallets made of galvanised metal are fully compliant for storing 2 x 205L or 4 x 205L Drums with ample containment capacity to meet all relevant regulations. They are designed explicitly for bunding flammable liquids, and their rugged metal construction will easily handle harsh Australian conditions.
